## ROTISSERIE/DELI CASE

Self-serve warmer displays enticing food at accurate and consistent temperatures to help reduce shrinkage

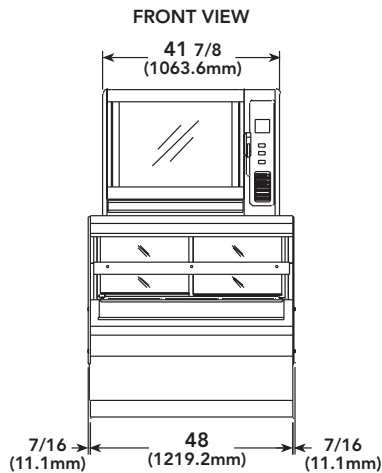

Double rotation ensures even, golden brown cooking and holds product for extended merchandising hours

Optional ceramic tiles enhance merchandising appearance and appeal

Increase sales volume and profit margin with BKI's double revolving oven and compact hot case that promotes total food visibility. The super-efficient production center fully maximizes floor space and merchandising capabilities for tender, self-basted food with a unique double-revolving mechanism for "show and sell" excitement.

## ROTISSERIE/DELI CASE FEATURES

### Attention To Detail

BKI manufactures equipment with a high quality of precision engineering right down to installation. BKI's cases are equipped with leg levelers to assist operators in conveniently installing and incorporating BKI's deli cases into foodservice venue's.

### Precision-Controlled Thermostats

BKI simplifies the operating process with an easy-to-use control panel for individual temperatures to expand merchandising capabilities.
