MOBILE MERCHANDISER

Customize your merchandisers by adding color to your display

Optional wooden accessories offer versatility and flexibility

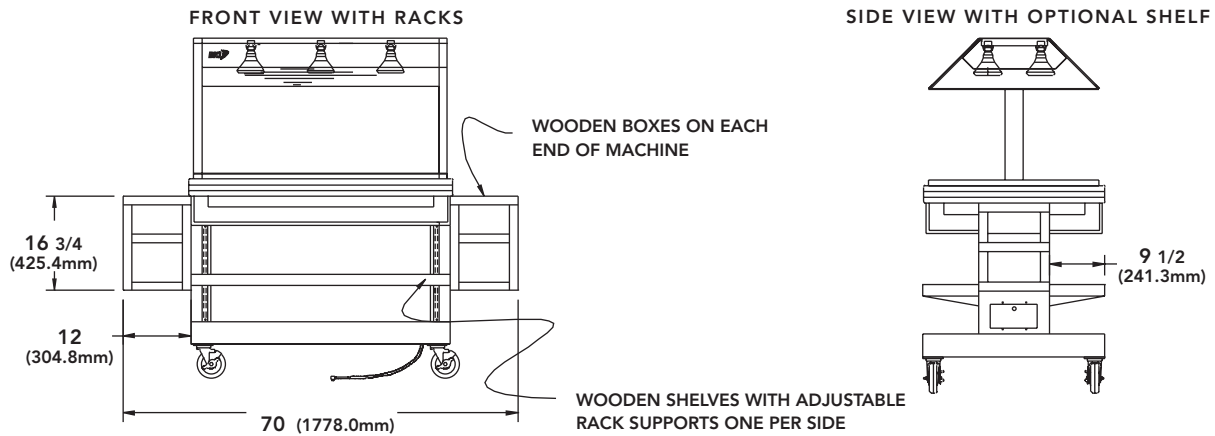

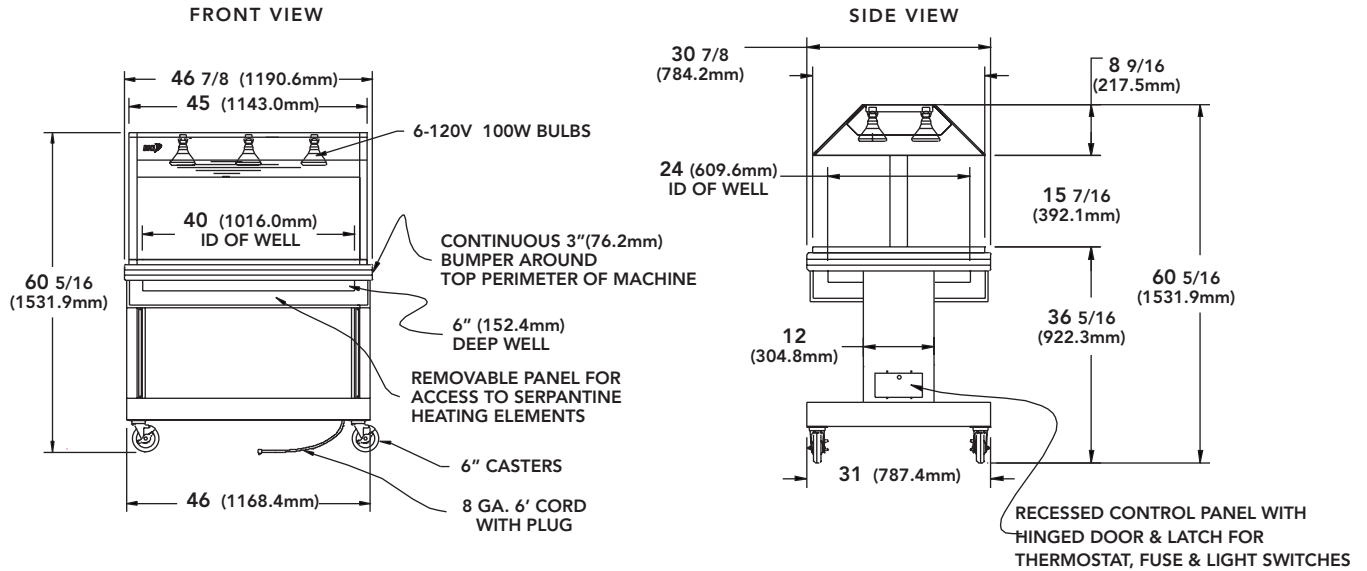

Casters make merchandising anywhere in your store easy and hassle-free for extended mobility

BKI offers you flexibility when displaying hot food items with our Mobile Merchandiser. Using waterless deli technology, BKI's merchandiser does not require plumbing and is powered by 120 volts, affording you limitless flexibility. Extend merchandising time and boost impulse sales with merchandisers that keep food hot and fresh for hours.
