

VG-8 ROTISSERIE ■

Versatile and convenient, BKI's VG-8 cooks 40 x 1.35 kg chickens in 75 minutes without high-maintenance quartz tubes. Ideal for supermarkets and convenience stores, the attractive VG-8 represents merchandising at its best.

Easy rotor assembly, simple to service with cool-door design for added safety. Plus, 15 custom programs can be stored to increase menu offerings while the unique heating coil ensures uniform, consistent results every time.
